How many years have you been a member of ACL? 3 years - Since 2020

What ideas, goals and visions do you have for ACL?

My goal is to bring a broader community to the ACL. I think it is important to attract younger members (to bring new life to the club) as well as interesting local Portuguese individuals. For the younger members, I feel that it is important to offer them an attractive membership fee. I see the ACL in the future more involved in local charities where we can make a positive impact.

If you are elected to the Board, what specific contribution would you like to make and what abilities, would you bring to bear in making those contributions?

Regarding specific contribution, I believe that the most significant one will be to bridge connections that may result in corporate sponsors.

Within the culture and arts scene, I expect to reach to my contacts and provide opportunities for future events.
